MINUTES OF STAKEHOLDERS' ENGAGEMENT ON YEAR 2020 BUDGET HELD AT SAKI PARAPO TOWN HALL, SAKI, ON WEDNESDAY, 13TH NOVEMBER, 2019.

INTRODUCTION

As part of the present administration's efforts in Oyo State to promote state-wide consultations in the development of people-oriented programmes and projects for accelerated development, the Oke-Ogun Stakeholders' Engagement on year 2020 budget was held at Saki Parapo Town Hall, Saki. The meeting was attended by various stakeholders in ten (10) Local Government Councils in Oke-Ogun Areas. The LGA are: Saki East, Saki West, Iseyin, Itesiwaju, Irepo, Oorelope, Kajola, Olorunsogo, Atisbo and Iwajowa

Opening

The Town Hall meeting which was presided by the Deputy Governor of Oyo State, Engr. Rauf Olaniyan on behalf of His Excellency, the Executive Governor, commenced at about 11:35 am through joint recitation of the National Anthem.

Opening Remarks

The opening remarks was delivered by the State Commissioner for Budget and Economic Planning, Hon. John Adeniyi Farinto said the objective of the Town Hall Meeting is to produce an all-inclusive budget by consulting with the people and gathering their inputs into the development of government's programme and project. Stressing "having a people oriented budget has always been a priority of the current administration in State". A government that

is run with the understanding and inputs of the people is a practical expression of transparency and good governance".

Hon Farinto restated that the development agenda of the administration are hinged on four pillars of Economy, Security Health and Education which is designed to improve the welfare of the people. The strategies to achieve these are encapsulated in the Accelerated Development Road Map produced by this administration. The commissioner also revealed that there are ongoing effort to produce a 20 year State development plan to put Oyo in the path of sustainable development and make it a profitable investment destination in Nigeria.

Finally, the commissioner assured all the people that their inputs will count in the development programme and projects in the State. In his words "I therefore call on our community leaders and representatives here present to come up with strategic programmes and articulate initiative as well as suggestions that will take our beloved state to her pacesetting mode.

In his goodwill message, the Special adviser to Governor on Economic Matters, Dr Adetunji Babatunde narrated a scenario of a community request to lay emphasis on Needs Assessment and Consultation as a basis for an inclusive and meaningful budget and plan anywhere in the world. He thanked the governor for approved the plan to produce a 20 year development plan for the State.

In his keynote address, the Executive Governor of the State, Engr. Seyi Abiodun Makinde who was represented by Engr. Raufu Olaniyan, the Deputy Governor of the State, said what we are witnessing now is complete deviation from government norms in this part of the world where people have no inputs into governance. Hence, we are creating this platform for people to contribute their quota in the development of Oyo State 2020 budget. "Open government approach to governance is a paradigm shift and a total deviation from the norms in this part of the world," the governor said

The Governor further disclosed that there is on-going restructuring in the state; we are still dependent on federal allocation and Internally Generated Revenue (IGR) is abysmally poor. Therefore, he sought for the support of the people to fulfill his development agenda for the state.

He enumerated some of the achievements of government since assumption office to include reduction the number of out of school children with the abolition of school fees and provision of access to qualitative and inclusive education in the state. On Agriculture, the government is striving to explore the potentials in agriculture that are abounding in the state to boast the State Internally Generated Revenue (IGR). Also the government recently bought vehicles and other communication equipment for security agencies to enhance the security of the state.

The governor lamented that the last blueprint for development in the state expired in 2012, but the current administration had commenced work to produce a 20 year development plan for the state which would be an all-inclusive document. Hence, the government was seeking the bond with the people to move the state forward.

Summary of Peoples' Proposals for 2020 Budget for Oyo North Senatorial districts.

ROAD/INFRASTUCTURE

S/N	OYO NORTH SENETORIAL DISTRICT	PROJECT DISCRIPTION
1.	ISEYIN LOCAL GOVT.	 Rehabilitation of Adabo market link roads Rehabilitation of Koso road Rehabilitation of Isalu roads Rehabilitation of Ekunle road Rehabilitation of roads that lead to Akinwumi/Osogun Establishment of Agro Allied Industry in Iseyin Expansion of Aso-Oke Industry at Iseyin
